

Australian Champion Heelersridge Hobart TD HIT TT

19/03/2005 - 05/06/2015

When that someone "special" comes along, it breaks your heart when they have to go.

Bart was the very first puppy born under the Heelersridge prefix, coming into this world right on schedule - and feet first. He was initially sold to a man in Ballarat Victoria, who at the last moment decided against buying him. And so it was fate that gave us this wonderful boy.

Bart enjoyed being in the breed ring and was a multi class in group winner and a runner up Best in Group winner.

After gaining his title we decided to try our hand at sheep herding and tracking. Although he gained titles in both of these disciplines, I think he got more enjoyment out of just being with me than anything else - and I just loved taking him with me.

Bart was Dogs NSW temperament tested and passed with flying colours.

He was an excellent stud dog, producing outstanding pups with great strength of bone that undoubtedly came from his Blairwick ancestry.

I will miss him terribly, he has left a huge hole in my heart.

Run free Barty, and wait at the gate for me ...
